Friends and Foes Shocked by Death of Sen. McCarthy

\$5,000 POSTED BY BECK FOR TAX EVASION

Washington (AP)—Dave Beck, Teamsters Union boss indicted for income tax evasion, today posted \$5,000 bond pending arraignment May 13.

Beck went voluntarily to the U. S. marshal's office for a technical surrender under a warrant telegraphed from Tacoma, Wash. where a federal grand jury returned the indictment yesterday accusing him of failing to pay \$56,420 in taxes due on 1950 income.

He was taken to a basement call block in the U. S. Court House and fingerprinted in the usual routine. The officers then took him before U. S. Dist. Judge Edward M. Curran for a decision as to bond.

Once Curran decided on the amount of bond, Beck had a wait of about 45 minutes until someone brought in a cashier's check to complete the bond posting.

Curran ordered Beck to appear before a U. S. commissioner on May 13 either here in Washington or at Tacoma.

Treanor told newsmen that if Beck appears before the commissioner here on May 13 he will waive a removal hearing and show up for arraignment at Tacoma at a later date.

Beck, while waiting to make bond, was asked if he had any comment on his indictment.

"I wouldn't say one word about it because I don't know no more about it than you do now," Beck said. "I'd have to consult with my attorneys."

In Curran's courtroom, Beck had to wait about a half hour while a dozen other cases were pleaded routinely. He shook his head impatiently several times at the delay.

But while he was waiting later (Turn to Page Thirteen)

Senators Are Told Senecas Refuse To Discuss Kinzua Dam

Washington (AP)—Col. H. E. Smyser of the Ohio River Division of the U. S. Army Engineers told a Senate committee yesterday the engineers have been unable to deal with the Seneca Indian Nation on plans for a proposed flood control dam.

"They refuse to discuss it," Smyser testified as he outlined plans to take part of their reservation so the dam and reservoir could be built near Kinzua, Pa.

The Indians hold title to the reservation permanently under a treaty signed in 1794. Smyser said the reservoir would take about 3,000 acres of the 30,000-acre reservation for the 101 million dollar project. He added that only 3,500 acres would be flooded permanently by the Allegheny River. Smyser said the government does not want title to the Indian land but would be satisfied with a lease.

Sen. Martin (R-Pa.) testified the dam is an important flood control project for Pittsburgh and the entire Ohio River Valley. He added that the Seneca Indians "are on the warpath" and that he has received letters opposing the flood control dam.

Martin added that the Government has the power to condemn the land if necessary.

Logan, Sr., pioneer Pennsylvania farmer who guided the destinies of the firm for nearly 55 years until his death on March 13th of this year.

Mr. Logan, Jr., is a graduate of Princeton University and a veteran of World War II, having served with the United States Army in the Pacific Theatre. He was first elected to the Board of Directors of United in 1950 and has been active as executive vice president since 1950.

GOP Rejects Another of the Governor's Proposals As He Moans "Do Nothing" Session

By LEONARD A. UNGER
Harrisburg (AP)—Republicans rejected today Gov. Leader's proposal to replace the Pennsylvania Turnpike Commission with a non-salaried agency.

A GOP legislative leader, who asked not to be identified, said there was no chance the plan would pass the 1957 Legislature.

Leader asked that the existing five-man agency be abolished and replaced by seven so-called "conservators" who would hire a high-priced executive director to carry out their policies.

His proposal was offered on the basis of 46 persons being indicted on various charges in the operation of the commission primarily under Republican control.

But both Leader and Republican legislative leaders held out hope for other portions of the administration program in the Republican Legislature.

After conferring for more than three hours with GOP and Democratic legislative leaders yesterday, Leader said:

"None of us—Republican or Democrat—want this to be a do-nothing session of the General Assembly. In this connection, I again stated that if this is a productive session, there is plenty of credit for everyone; if it is a do-nothing session, there is little credit for anyone."

Republican State Chairman George I. Bloom said his party and the Leader administration were "not too far apart" and that another session may be held later to discuss a possible compromise on a legislative program.

Neither side would discuss publicly what went on behind closed doors at yesterday's conference. But several participants, declining quotation by name, said both sides were in favor of:

A 150 million dollar bonus for some 300,000 veterans of the Korean War, a plan which will appear on the Nov. 5 election ballot after clearing the Legislature finally yesterday.

Expanding Pennsylvania's highway program, including authorization for a study by a private research agency of the operations of the State Highways Department.

Outlawing discrimination because of race, creed, color or national origin at state-aided universities and colleges.

Setting up a commission to study the possibility of revising Pennsylvania's 80-year-old constitution.

Writing legislation to prohibit conflict of interest action by state employees.

Areas of disagreement, according to conferees on both sides, included:

Outlawing billboards on the turnpike and other interstate highways.

Compulsory liability insurance for motorists.

Extending civil service to professional and technical state employees.

A final decision on the governor's so-called higher education plans was put off for a subsequent meeting although Republicans indicated privately they would refuse to go along.

Dulles Asks For Unification To Help Adenauer

By ARTHUR GAVSHON
Bonn, Germany (AP)—Secretary of state Dulles called on Russia today to end the division of Germany "before its injustices become intolerable."

Dulles told the North Atlantic Council of Foreign Ministers the Soviet Union's protestations of peace "indeed ring hollow when they forcibly divide a great people."

He said that both on humanitarian and legal grounds the continued split of the country could not be justified.

The American statesman spoke after West German Foreign Minister Heinrich von Brentano called upon the 15-nation alliance to support his governments demands for reunification quickly.

Brentano's statement was, in part, an effort to bolster Chancellor Konrad Adenauer's political stock for general elections coming up in September.

Von Brentano told the ministers the leaders of the Federal German Republic are doing all they can to insure that the Red-ruled people of East Germany take no "imprudent actions" which could only aggravate their misery and lead to terrorism.

Days Sunny But Grow Progressively Colder

Five sunny days in a row this week have provided a delightful moment of forgotten springs, despite the fact that temperatures have dropped progressively lower. This morning an unofficial low of 26 was mentioned and a brisk wind this afternoon was expected to keep the mercury in the shy 60's.

By The Associated Press
Subfreezing temperatures swept across a wide area of Pennsylvania early today.

Philipsburg, in Centre County, reported an overnight low of 26. Blairsville, Indiana County, had 27, and thermometers dropped to 28 at Brookville, Jefferson County, and at Scranton in the northeastern portion of the state.

Scranton's 28 reading was a record for the anthracite city, surpassing the previous low for the date, 33 degrees in 1911.

At Pittsburgh, the official reading was 33, matching the record low set in 1954.

Churchill Criticizes U. S. Attitude on Egypt

London (AP)—Sir Winston Churchill criticized the United Nations today for its attitude toward the British-French attack on Egypt last fall. He said the U. N. had not helped either the free world or the cause of peace.

The 82-year-old former prime minister addressed the Primrose League, made up mostly of Conservatives, at Royal Albert Hall. It was his first public address in a year.

Britain and France split with the United States and twice vetoed demands in the U. N. Security Council last Oct. 30 that Israel withdraw from her invasion of Egypt and order a cease-fire. Three days later, after Britain and France had launched their own attack, an emergency meeting of the U. N. General Assembly voted 64 to 5 for a resolution proposed by Secretary of State Dulles calling for Britain and France to get out of Egypt.

The British and French had to order a cease-fire and call off their military intervention in the Suez Canal zone.

COSTELLO IS MARKED FOR DEATH BY MOB

By RAY KOHN
New York (AP)—A huge man-hunt was on today for an unidentified thug who shot and slightly wounded gambler Frank Costello last night.

Sixty detectives and six superior officers were assigned to the case in an attempt to avert a possible outbreak of underworld warfare. Some of them said their objective was to apprehend the gunman before "friends" of Costello caught up with him.

Costello, sometimes called the "boss of the racketeers," was grazed in the scalp by a single bullet fired as he entered the lobby of his apartment house residence on Central Park West.

Apparently feeling that a second attempt might be made on Costello's life, police posted two detectives in the lobby of the building.

Costello was reported sleeping at home after a night of hospital treatment and police questioning. Costello was shot as he returned from a restaurant.

Police questioned all who had been with him, a taxicab driver and the apartment doorman, in an effort to get some clue to the gunman.

The gunman ran into the lobby, fired the shot, and ran out again. Both Costello and the doorman, Pete Keith, said it happened so fast that they could not identify the thug. The shot hit Costello near the left ear.

What appeared to be a flattened .32 calibre bullet was found in the lobby.

Costello at first said "somebody tried to get me," but later declared (Turn to Page Thirteen)

Sawyer Has "Lot of Explaining To Do" About CAB Leakage

By JOHN CHADWICK
Washington (AP)—Sen. Jackson (D-Wash.) said today that Raymond Sawyer, a Civil Aeronautics Board official, "has a lot of explaining to do" despite his sworn denial that he leaked a major CAB decision.

Jackson is acting chairman of the Senate Investigations subcommittee trying to ferret out the source of any leaks from the CAB about the award of the New York-Miami route to Northeast Airlines or other CAB decisions.

Sawyer, assistant director of the CAB's Bureau of Air Operations, testified yesterday after Laurence Henderson, a one-time Senate aide, named him as his possible source of word that the CAB decided secretly last Aug. 2 to award the route to Northeast.

Henderson first testified he had no inside information on the decision, but later swore that if he was mistaken in that recollection, Sawyer was "the only other possible source."

The board's 3-2 decision was not announced publicly until August 10, but on Aug. 3 there was a surge of trading in Northeast stock and the price jumped ahead.

Sawyer swore, flatly and repeatedly, that he had not leaked the information to Henderson, whom he described as "a comparative stranger" to him.

But Jackson told newsmen that "what troubles me is why Henderson would single out Sawyer" as the possible source of the information.

PRR One of Six Roads Granted Rate Increase

Washington (AP)—The Interstate Commerce Commission today authorized six large Eastern Railroads to increase first-class passenger fares again by about 15 per cent.

This gives them an over-all increase of 20 per cent above the fare levels of Jan. 7.

The authority to raise fares was issued to the Chesapeake & Ohio, Western, Pennsylvania—Reading Seashore Lines, and Pittsburgh & Lake Erie.

The commission announced originally that the same authority had been granted to two other lines, the Lehigh Valley and the Reading Railroad, but 15 minutes later it said those two were not included. The increase may be made effective after five days' notice to the traveling public.

Honduras Still Holds Mocoron, It Claims

Tegucigalpa, Honduras (AP)—The Honduran government claimed today it still holds the border town of Mocoron, focal point of fighting between Honduras and Nicaragua. It denied reports from Managua that Nicaraguan troops seized the town.

The government also announced that a formation of seven military planes machinegunned a town in the disputed border region between Honduras and Nicaragua yesterday.

The announcement did not give the name of the community but said it was presumed that the warplanes were from Nicaragua. It identified the planes as P51s, a type of fighter plane produced by the United States during World War II.

There was no report on casualties inflicted in the machinegun-

Also at last night's meeting, the detachment received from the national commandant, William Derdarian, a citation-certificate for its more than 100% membership renewal-increase in the past eight months. Of the present membership of 35, 14 are new Marines.

Members voted to provide placards for the special Buddy Platoon being recruited through the efforts of S/Sgt. Joe Garland; also to have a steak fry, with their ladies, later in May.

The state convention, to be held at the Hotel Lawrence in Erie June 14-15, was discussed and it was reported 18 members have already registered for attendance. Others who plan to go are asked to contact Sgt. Garland or Commandant Gorsuch.

Father Jacobs Of Tidoute To Mark 25th Anniversary

Sunday, May 5th, will mark the 25th anniversary of the ordination of Father Edward J. Jacobs, pastor of St. John's Catholic church in Tidoute.

The popular priest, who is well known in Warren, has been rector of St. John's for 15 years.

A Pittsburgher by birth, he attended schools there. His seminary career began under the guidance of the Society of the Divine Word, first at Sacred Heart Mission House in Girard, and later at St. Mary's College at Techy, Ill.

For two years he was supply priest, helping out successfully at Mt. Jewett, St. Peter's Cathedral, Holy Redeemer in Warren, Emlenton, the Cathedral again, and finally St. John's.

His regular appointment as an assistant was at St. Joseph's, Warren, where he worked under the late Father Joseph Diamond from 1934 until the pastor's death in July, 1941.

After administering the parish for several months, Father Jacobs was named pastor of St. John's. Under his direction the parishioners have built a stone church and matching rectory, and in recent years, he has established a mission at Youngsville, a town that was once without a single Catholic family.

Erie Port Potential Called "Tremendous"

By JOHN KOENIG, JR.
AP Special Washington Service

Washington, (AP)—Rep. Kearns (R-Pa.) said today that the city of Erie can be the "most tremendous port on the St. Lawrence River seaway" if a new super-highway link connects the city with the rest of Pennsylvania.

Kearns declined to take a stand on construction of the proposed Keystone Shortway through northern Pennsylvania between Sharon in the west and Stroudsburg in the east.

But construction of such a highway, he emphasized, should be undertaken only if a freeway is built simultaneously from the Keystone route to Erie.

MOST CONTROVERSIAL FIGURE OF MODERN POLITICAL SCENE SUCCUMBS TO LIVER AILMENT

By FRED S. HOFFMAN
Washington (AP)—A turbulent chapter in American history has closed with the death of Sen. Joseph R. McCarthy of Wisconsin—admired by some as an anti-Communist patriot, but denounced by others as a witch-hunter.

McCarthy died late yesterday of an acute liver inflammation five days after he entered the naval hospital in nearby Bethesda, Md. He was 47.

The Wisconsin Republican's death reduces to 46 the number of GOP senators. There are 49 Democrats. His successor probably will be chosen in a special election this fall.

For a time in the early 1950s, McCarthy was a dominant figure whose searches for Communists in government and elsewhere aroused bitter controversy. His influence was felt far and wide.

Three years ago, he reached his peak in a battle with the Army, which he charged was trying to hinder his hunt for subversives. The Army accused McCarthy of browbeating some of its officers called before his Senate Investigations subcommittee.

Millions of Americans sat in on the ensuing Senate investigation of the Army-McCarthy row, through

DEAD AT 47

the medium of television and radio.

Growing out of that investigation was a Senate probe of his conduct and a censure vote against him. That was the beginning of his eclipse.

By the time of his death, he had become just another senator.

In his heyday, McCarthy tangled with other senators and with two presidents—Dwight D. Eisenhower and Harry S. Truman.

But yesterday these old feuds went unmentioned as erstwhile foes and friends alike voiced regret at his death and praised him as a "fighting patriot . . . courageous fighter . . . man of strong convictions . . . fine fellow."

Eisenhower, who had omitted (Turn to Page Eight)

REGISTRATION DOWN

Harrisburg, (AP)—A survey of Pennsylvania's county election boards showed today that 5,247, 925 voters were registered for May 21 primary election, a drop of 175,225 from the 1956 presidential election. Election officials explained the drop reflected to some extent removal of names after the first of the year of voters who failed to cast ballots in the last two elections. The registration rolls will be reopened after the primary. Both parties usually promote intensive registration drives between the primary and November elections.

Did a Broken Spirit Cause JRM's Death?

By JAMES MARLOW
Associated Press News Analyst
Washington (AP)—A liver disease killed Sen. McCarthy but what no medical report will say or show is whether his spirit was broken before he died. He showed every sign of it.

He died 29 months to the day after his fellow senators on Dec. 2, 1954, condemned him for his conduct. And in that time McCarthy, who had made himself a blazing figure, retreated more and more into silence and obscurity.

By the time of his death he had become almost a nobody in the news and in the Senate, both of which he had dominated for four (Turn to Page Eight)

Texas Facing Its Worst Flood In 7 Years; More Rain

By The Associated Press
One of the worst floods in seven years threatened Wichita Falls, Tex., today after more heavy rainfall in the storm-stricken and water-soaked north central part of the state.

Although rain diminished in the Wichita Falls area, the Wichita River and Holiday Creek running through the city of 125,000 near the Oklahoma border rose steadily. Red Cross emergency crews were alerted.

Heavy rain also hit areas along the surging Sabine River in the southeast part of Texas.

Although streams in most other areas appeared receding after more than two weeks of downpours, the Sabine River threatened to flood Deweyville, a town of 1,000 near Orange. Meanwhile, upstream on the Sabine, hundreds of oil wells remained closed by overflows in the Gladwater area.

The persistent Gulf Coast disturbance and moist Gulf air brought rain during the night over much of the central and southern plains and the Southeast states.

Heaviest amounts were in Oklahoma and Kansas. Scattered thunderstorms rumbled across central parts of Texas eastward along the Gulf Coast and into Florida.

Mostly fair and much cooler weather prevailed in the Northeast quarter of the country.

71 Attend the 71st
Annual Banquet Of
YMCA Last Evening

Not by design but by coincidence, 71 persons attended the 71st Annual Banquet and Business meeting of the YMCA last evening in the Association building and heard a stimulating address by Max Darone on "The Dimensions of the YMCA."

Myron E. Jewell was toastmaster of the banquet, and the invocation was given by Rev. Francis E. Fehlmann, pastor of Salem EUB church. Delightful dinner music was furnished during the banquet by Mrs. Helen Olson and Mrs. Ruth Morrison. Three "Y" Board members of years ago were present and introduced by the toastmaster, H. P. Stone. Hon. E. H. Beshlin and N. D. Paterson. Following the welcome address by Mr. Jewell he introduced the president of the "Y", Alan H. Templeton who conducted the business meeting of the evening.

Mr. Templeton presented his annual report in the form of an industrial company's report, giving it a novel and highly interesting twist for a report of the past year's activities of the Association. Mr. Templeton then presented Jeff Riedel who in turn introduced Mrs. Walter Johnson, president of the MOMs Club and then the following boys who told of the activities of the boys department program. Bobbie Johnson, Chuckie Nulph, Jay Siggins, John DiFerro and Bill Elmhurst. To tell the story of the Physical Dept. Robert Hammerbeck presented Harry Smith and Brian Blythe who told about the beginners swim classes and gym games, and then Gloria Jean Drayer who told about the swim classes for handicapped children conducted by Paul Steinkamp. Harold S. Hampson gave a brief committee report as chairman of the Advance Committee of the "Y". Mr. Templeton announced the report of the tellers of the annual election as follows: directors elected for three years: Ivan S. Brumagin, Charles H. Eaton, John Mallory, James W. Potter and Alan H. Templeton. The business meeting was opened by a scripture reading and prayer by Rev. V. Theodore Benson, assistant pastor of the First Lutheran church.

Mr. Jewell, in introducing the guest speaker Max. Darone said that Mr. Darone started in YMCA work at the Erie "Y" as Boys Work Director, then in 1947 became general secretary of that large Association, which position he now holds. Mr. Darone gave a highly interesting address on the various and sundry dimensions of the YMCA—interpreting his sparkling wit at the right times thru-out the address to make it one of the finest YMCA addresses at a "Y" banquet for a long time. Starting out with an excellent swiss steak dinner and ending on an inspirational note from such a fine speaker, the banquet was voted one of the best Annual Meetings in years.

Members of the Glade Volunteer Fire Department have completed installation of their new siren and remote control system and are making plans for an official test to be held Tuesday evening at 7:30. The apparatus is one of the most elaborate in this section, and the firemen are very proud of it. They are anxious to learn how far away the siren can be heard, and would like reports from any area residents who are in hearing distance.

Dirty Clouds Slow to Produce Rain U. S. Scientists State

By FRANK CAREY
Washington, (AP)—Dirty clouds are slow to produce rain, two U. S. Weather Bureau scientists said today in a new indictment of air pollution.

One of them, Dr. Ross Gunn, told a reporter that research indicates that air polluted by such things as finely divided industrial and home ashes, and dust from grassless land areas, can delay rainfall from clouds, which otherwise would yield rain more quickly. The delay can run from hours to days, he said, depending on other meteorological factors.

Gunn made his comments in amplifying a technical report prepared by himself and meteorologist B. B. Phillips for presentation to the spring meeting of the National Academy of Sciences.

In answer to a question, Gunn said he does not know whether "fall-out" from atomic tests could contribute to such an antirain effect.

The conclusions about air pollution stem from research conducted in a huge 60-foot spherical chamber, used to "manufacture" clouds.

"Using ordinary air," Gunn said, "we made thousands of clouds by first saturating the air with moisture and then cooling it by a refrigeration technique. But we couldn't get any clouds to produce rain until we made them with air cleared of pollution by special techniques that can be employed on a small scale."

Explaining the rain-inhibiting effect, the meteorologists said in their report to the academy that certain clouds will not usually yield rain unless appreciable numbers of large "cloud droplets" are formed high above the cloud base. These droplets, they said, fall through the cloud and grow into raindrops by picking up moisture as they go.

The new research, they said, shows that the size of newly formed cloud droplets—and hence the outlook for rain—depends heavily "upon the cleanliness of the processed air."

They indicated the "dirtier" the cloud, the less chance of rainfall.

Ultimately, the scientists said, the clouds tend to clear the atmosphere of pollution by a kind of scavenger effect, thus setting up better conditions for rain.

Minnesota furnished the first regiment of volunteers to the Union in the Civil War.

Sheffield School Man Resigning To Enter the Ministry

Sheffield—In the absence of Chris Yutze, the Tuesday luncheon-meeting of Rotary Club was in charge of George Fetterolf, who tendered his resignation from the club and announced he is leaving the community.

Mr. Fetterolf, supervising principal of Sheffield township schools for the past four years, is resigning that position to enter the ministry.

His club resignation was accepted with regret and the wish expressed that he will find happiness in his new work and location.

Guests for the meeting were Earl L. McLaughlin, Warren Rotarian, and four members of the graduation class, Norma Urbanic, William Ross, Lester Schmidlen, and John Petruny.

Milton Dunn was welcomed home after having undergone surgery in Buffalo, and Otto Mayer returned from a Florida vacation. The Club piano not being in use has been loaned to a private family temporarily.

Laurence Stotz, Forest Ranger and program chairman, announced his subject as "Places I Have Slept". As usual, he presented the topic in a most interesting manner and told of his experiences in the field, where, at times, sleeping seems to have presented a problem. He related how he slept out in the woods in Canada when it was 54 degrees below zero and also of the other extreme, of being forced to sleep in extreme heat. His sleeping accommodations have even included haymows and service stations.

THE WELCOME WAGON CLUB

For anyone who has found it necessary to move from one place to another, the story of Welcome Wagon Newcomers Club is not a new one. These clubs are to be found in towns and cities from coast to coast in the United States and Canada and as far west as the Hawaiian Islands. Purpose of this organization is to bring together new women to the community and promote their interest in the town, while at the same time fulfilling their need for social contacts until they become established.

The parent organization for these clubs, Welcome Wagon, was originated in 1928 in Memphis, Tenn., by Thomas Briggs. Mr. Briggs learned from western history how early settlers welcomed new covered wagons from the east with baskets of provisions to replenish their supplies. He "borrowed" this idea, gained support of local merchants, and then began what was to become a thriving business based on friendliness.

Newcomers Club was started in March, 1949, at the suggestion of two new Warrenites, Mrs. Gail Beightol and Mrs. Jo Hudson, who approached the Welcome Wagon hostess, Mrs. Katherine Davis, for assistance in establishing the club. They later became the first president and vice president of the newly-formed club.

The club began with a tea at Trinity Memorial church, to which 30-40 Newcomers were invited. This soon became an established club, holding luncheon or dinner meetings once a month and this practice continues today. Newcomers now boasts a membership of 93 women.

Local merchants who sponsor the Welcome Wagon in Warren include: Anderson Baking Company, Betty Lee, Blomquist Furniture Company, Carter Shoe Store, Check Brothers Service Station; Culligan Soft Water Service, Girton's Flowers and Gifts, Mullen Drug Company.

Olson and Bjers Service Station; O. K. Service Station, Sylvania Electric Products, Incorporated; Printz Company, Times Publishing Company, United Refinery Company and Emblem Oil Company, Warren Bank and Trust Company, Warren Dry Cleaning Company, Watt Office Supply. Assistance is also received from Newell Press.

Welcome Wagon Newcomers Club strives to contact all strangers to Warren, but anyone who is not contacted should notify Mrs. Katherine Davis, telephone 2555-W.

NATIONAL MUSIC WEEK

Governor George M. Leader has recognized the period May 5 to May 12 as National Music Week, in response to a request by the National and Inter-American Music Week committees. In his statement the Governor says:

"Music is an important part of the cultural heritage of any Nation and it is fitting that we should set aside a special time in which to emphasize the place of music in our lives.

"I am happy to designate the week of May 5 to May 12, 1957 as Music Week for Pennsylvania and I hope the people of the Commonwealth will participate in this worthwhile program."

FAMILY WEEK

Services pointing up the importance of religious family living will be held May 5 in churches across the country to open National Family Week.

The observance began in 1941. It is now the responsibility of the National Council of Churches' Department of Family Life which prepares the supporting material for Protestant participation. Parallel observance is also carried on in the Jewish, Roman Catholic and social agency groups.

Here and There

A navigation story that doubtless created some excitement in town back in April, 1888, is reprinted from the Warren Evening Mirror of that period as follows:

THE LANDING OF THE PILGRIMS—This morning a phatral looking craft with a plentiful breadth of beam, flatness of bottom, and surplus of cabin was sighted coming around a bend in the river, and the prohibitionists began to sniff the air as if some foul pollution was approaching. The black roof of the cabin, however, had such a doleful, sober look that all fears were allayed and the strange craf became an object of curiosity rather than dread. Outside the cabin hung a plentiful supply of wild birds, dishpans, skillets, kettles, and other kitchen utensils, and the long sweep at either end was manned by a sturdy Caucasian who gradually worked the galley in towards the Pleasant shore. At last she was safely moored to a tree near the Canoe Club's house, and the crew swarmed out as if thankful to once more feel the solid earth beneath their feet. About an hour after the arrival of the craft a cheerful looking chap sailed into the Mirror sanctum

and introduced himself as James O. Howells, of the Bradford Sunday News. We shook hands with Brother Howells, gave him some of the latest exchanges, including a Bradford Star, Oil News, and Era, with which he seemed especially pleased. In return for these courtesies he volunteered the information that the party was bound for Oil City, but would probably disband before reaching that point, and gave us the names of the crew, as follows: P. A. Young and Harry Pullman, of Olean; Geo. Brown, of Hinesdale; Ed Eullivan, Herman Frank, B. J. Wilder, James O. Howells, Thos. Osborne, Harp Andrews, and Henry Saalfeld, of Bradford. At 10.30 Artist Bairstow successfully photographed the vessel and crew without so much as cracking his machine. About noon the lines were once more cast off and when last seen the marners were speeding down the river, in the teeth of a spanking breeze, at the rate of a knot in two hours.

From the same issue we discovered this interesting account of "The First Gas Company". The Olean Herald prints the following in reference to natural gas:

Washington Letter

BY PETER EDSON, NEA Washington Correspondent

WASHINGTON—(NEA)—Serious as the situation in the new Hashemite kingdom of Jordan has appeared in the last few weeks, there is now some basis for belief it won't end in all-out war.

A Middle East war could, of course, happen accidentally. But careful appraisals now being made in Washington indicate that since nobody is actually provoking a hot war, it might not come off because nobody wants it.

External threats against Jordan come principally from Israel on the west and Syria on the north. Syria is backed by Egypt, but President Nasser's forces cannot get at a Jordanian war except by sea to Syria or across Israel or Saudi Arabia.

Young King Hussein of Jordan has the support of both King Saud of Saudi Arabia to his south and his cousin, King Faisal of Iraq, to his east.

The armed forces of both Iraq and Saudi Arabia are rated as superior to Syrian forces, in spite of about 40 million dollars' worth of Communist arms aid to Syria.

THOUGH SYRIAN TROOPS are reported to have crossed into Jordan, they are not believed to constitute a direct threat. The real danger comes from Syrian-inspired disorders.

The Communist apparatus under Lt. Col. Abdel Hamid Sarraj, Syrian army intelligence chief, is believed to be effective for agitation, propaganda, riots, terrorism, bombings and even murder if necessary. But it isn't rated a war machine.

The Communist hope appears to be that disorders will cause the downfall of King Hussein. This would give other powers an excuse to move in. Such a development almost took place on April 14. It was prevented only by the young king's display of authority.

King Hussein's chances of survival are now rated no better than 50-50. He appears to have the British-trained army—half Bedouin, half Arab—supporting him.

Though British subsidies ended in March, his troops have been paid this far, perhaps with Saudi Arabian money. Hussein is safe as long as his army stays with him.

THE MAIN TROUBLE is that Jordan has no resources to make it self-sustaining. Mostly desert, it isn't quite as big as Kentucky.

Its 1,500,000 population includes 500,000 refugees from Palestine, barely existing in camps on a United Nations allowance of eight cents a day, mostly from the U.S. This group provides the discontented mobs the leftists use for riots.

If these refugees could be resettled in other Arab lands, Jordan's worst problem would be over.

Even so, there is no logical justification for Jordan's continued existence—except to keep its neighbors from dividing it up.

If Syria should move against Jordan, it would be natural to expect Israeli forces to move east to the Jordan River, occupying that part of eastern Palestine now under King Hussein's control.

In any conflict between Syrian and Israeli troops, military experts believe the Syrians would get a worse shelling than Israel has twice given the Egyptians.

THE FINAL RIDDLE in this complex situation is what Russia will do about it. Nobody really knows the answer to that.

One estimate is that the Russians would not go to war in this area, even if the United States were to drop a regiment of Marines in Jordan to preserve it.

That is, according to this estimate—they would not send Russian troops or "volunteers" unless they believed this was the only way to save their prestige.

For some time a very interesting discussion has been in progress through the press of the oil regions, as to where the first natural gas company was organized. There seems to be a great difference of opinion, and no positive decision of the question has, as far as we have seen, been arrived at. As bearing on the question, Mr. Henry White has placed in our hands a letter from Preston Barmore, of Fredonia, directed to his father, the late Hon. Roderick White, of Olean, then state senator from this district, urging Mr. White to interest himself in the organization of a company at that place to be known as the "Fredonia Gas Light and Water Works Company", which was about to make application to the legislature for a special charter. Mr. Barmore explained that they could not operate under the general act authorizing the formation of gas light companies "for the reason that we propose by boring down through the slate rock, and sinking wells to a sufficient depth to penetrate the manufactures of nature, and thus collect from her laboratories the natural gas, and purifying it, furnish plentifully the citizens with good and cheap light." This letter was dated January 21, 1856, more than 100 years ago. When it is remembered that Col. Drake drilled the first oil well in 1859, (three years after this letter was penned) and that natural gas as an illuminator was not used to any extent until 1877, it will be seen that the Fredonia parties were certainly pioneers in the idea of using natural gas, if they were not the very first originators of the plan now in universal use.

LOSES EYE SIGHT

A five-year-old Titusville girl lost the sight in her left eye Wednesday after she had dropped a milk bottle and a glass splinter lodged in her eye. Rita Anne Peterson continued on to kindergarten after the incident and rubbed her eye during the day, only inflaming it more. Her parents, Mr. and Mrs. Edward K. Peterson, of 17 Grant Way, Titusville, took her to the hospital when she returned home but doctors informed them the sight was already lost. Rita undergoes surgery today to determine if more glass is lodged in the eye. The young girl's only concern was that her school would not receive the green pennant safety award. School insurance will cover the costs.

Washington (AP) — Youthful King Hussein of Jordan has badly jolted Egyptian President Nasser's dream of a solid Arab world, with Nasser as leader. But Nasser had some strokes on him before that, and it's no wonder.

The Arab countries have a long history of jealousies and conflicts although, going back to the 10th century, when the Turks still bossed them, Arabs talked of the possibility of an independent Arab state some day.

The closest they could come to it was in 1945 when seven Arab nations—Egypt, Iraq, Saudi Arabia, Syria, Lebanon, Jordan and Yemen—formed the Arab League for joint action in all matter of common concern.

The motivating force for the league was the imminent creation of the new state of Israel. Now these Arab countries have in common religion, language, and hostility to the Jews. There also are strong feelings of nationalism and anticolonialism, both a direct result of the long hold on them by Turks, British and French.

After the war against Israel, the Arab League members even signed a collective defense pact. That was

in 1950. It was the highwater mark of their unity.

Their defense agreement was virtually canceled out five years later. First Iraq joined the Baghdad defense pact against Russia along with Iran, Turkey, Pakistan and Great Britain, with American backing. Then Egypt and Syria the same year made a defense agreement between themselves.

By that time—1955—Nasser was in the saddle in Egypt, preaching pan-Arabism, playing on the Arab's anticolonial distrust of the West, their hatred of the Jews. By sheer talk and drive he pushed

himself into a leadership position. And he made himself a rallying point for all Arab nationalists in 1956 when, angered because this country refused him money to build a dam, he seized the Suez Canal. After that to make concessions was to lose face and leadership.

He needed big support to help him weather the storm of his opposition to the West. Naturally, he turned to anti-Western Russia. It became convenient then for the pro-Communists and the extreme Arab nationalists in the Middle East to work together, or at least toward some of the same ends. But four of the seven Arab League are kingdoms—Iraq, Jordan, Saudi Arabia and Yemen, which is too small to have signifi-

cance. Two, Syria and Lebanon, are republics. Egypt calls itself a republic.

The longer Nasser defied the West and the closer he tried to pull the Arab world toward reliance on Russia, the more unhealthy it became for the kings of Iraq, Jordan and Saudi Arabia. There is no future for them with communism.

Therefore, it would be convenient for Nasser—particularly with his dreams of dominating the Arab world—if the kings were gone. It's no accident King Hussein blamed Egypt and communism for the riots in Jordan against his government this month.

The Rev. Charles Ward officiated in St. Mark's church, Erie, on April 27, for a double ring ceremony which united in marriage Phyllis Joan, daughter of Mr. and Mrs. Henry A. Nantes, of Lawrence Park, and Dallas Eugene Haight, son of Mr. and Mrs. Dallas Haight, Youngsville.

Given in marriage by her father, the bride was gownned in chantly lace, nylon tulle and silk mirror-mist, with chapel length train. A veil of imported silk illusion cascaded from a half-crown of tulle and lace, dotted with iridescent sequins, and her daisy-type bouquet of stephanotis was centered with a white orchid.

Epworth Loyalty Sunday

May 5 will be observed as Loyalty Sunday by members and constituents of Epworth Methodist church, according to announcement by the pastor, the Rev. Reed J. Hurst.

A corps of 20 teams of visitors will canvass the congregation during the afternoon hours, for the primary purpose of educating the people to the program of the church for the coming fiscal year which begins on June 1st. The activity is a part of the responsibilities of the Commission on Finance which is headed by Mrs. Elbert Mohr.

Epworth church is expecting, through this Every Member Canvass, to underwrite a current expense and benevolence budget totaling \$11,085. Of this figure, \$2,550 is designated for the world service and benevolence program of the Methodist Church.

The commission on finance appointed a special Every Member Canvass committee last January to proceed with plans for the visitation. The general chairman is Wade E. Barre, who is over three sub-committees. First of these, publicity and materials, is headed by William Brooks. The second committee surveys the local church program and has as its chairman, David A. Olson. The last is responsible for the visitation program and is under the leadership of Edgar Small.

Easter Sunday Wedding

An impressive ceremony performed in the Salvation Army Citadel Easter Sunday by Major Charles Sheffer united in marriage Marjorie Louise Nieman, Warren, and Darwin Ronald Sizinger, son of Mr. and Mrs. Homer Hall, North Warren. The citadel was decorated beautifully with Easter plants.

The bride, given in marriage by her uncle, Carl Schwanke, in the absence of her parents from Canton, Ill., who were unable to attend, wore a street length dress and carried a beautiful bouquet of pink roses with white streamers.

Only attendants were the bridesmaid, Ruth Hall, who carried a corsage of pink roses with yellow streamers, and best man, Ward Lauffenburger.

The bridegroom's mother wore a beige suit and corsage of pink roses. The bride's aunt was attired in navy with pink rosebud corsage.

—Glenn's Studio

Immediately following the ceremony a buffet luncheon for 25 guests was served at the home of the bridegroom's parents.

The newlyweds are residing in a newly-furnished apartment at 17 Jackson street, North Warren.

Because of the large number of students taking part, only about 200 tickets will be available to the public for the event. There is no charge for this annual spring offering, but admission tickets must be secured through the office of Beatty Principal Henry Powell in order to avoid disappointment at the door.

PTA SCHOLARSHIP FUND BENEFIT PLAY

Tickets will be available at the door at Beatty Junior High School Saturday afternoon for the original children's play, "Fairy Gold", to be presented as another in the series of benefits for the Community PTA Council Scholarship Fund.

Written by Margaret Wright of Warren, the show is being produced by Mrs. John O'Hara, with members of her Children's Theatre, assisted by Warren Boy Choir members and dancers from Dick Rapp's studio. Curtain time will be 2:00 p. m.

Spence, Jr., Clarion, formerly supervisor of elementary art in Warren borough schools, now head of the art department, State Teachers' College, has consented to serve on the jury of selection this year, will be represented by two water colors but which will, of course, not be eligible for purchase awards.

Richard G. Sigafos, Mayville, is well known to Warren as a teacher and painter. He has been associated with the Albright Art School, Buffalo, and won many awards, among them, the Gold, Silver and Bronze medals of the Buffalo Society of Artists.

Francis Ware, Jamestown, was also an exhibitor in the First Annual, last year. He has studied at the Yale University School of Fine Arts and the Albright Art School. He has had a one man show at Fredonia State Teachers' College, and received awards in the Chautauqua Society of Artists Shows.

Thomas Welch, Ashville, has exhibited and won prizes in many area shows; also exhibited in Grand Central Galleries in New York. He is at present teaching adult education in Jamestown.

Edward Everett Wheeler, III, Waterford, is another exhibitor. He studied at the Art Students League and the New School of Social Research in New York, and has exhibited in area shows, in Iowa, and New York.

The work to be shown will range from representational and expressionistic to semi-abstract, and the show promises to be an exciting one.

BUSINESS BOOMING FOR BEVERLY

Beverly June Hanna, standing above in the delightful new interior of her China and Gift Shop in Russell, reported today that approximately 300 persons crowded through the new shop when she held her formal opening on Wednesday.

What's more, Beverly reports that business was "good" from the crowd, which speaks well of the fine lines of china, crystal and leather and brass goods carried by the shop.

Beverly's China & Gift Shop, located at 200 Main street, Russell, is open Tuesday through Saturday from noon to nine p. m. For those stuck with Sunday gift selections, and for others who like a reason behind the afternoon drive, Beverly says the store policy will also include Sunday hours from 2 to 8 p. m. Doors are closed all day Monday.

Beverly comes into the business from the bookkeeper's profession, which she worked at for her father at Hanna Motor Sales. The proprietress is a graduate of Warren High School and attended Syracuse University. She is well-known in the Russell area.

The stock boasts a full line of fine leather accessories, especially purses, along with a full complement of crystals, colognes, copperware and china.

Dulles Asks

(From Page One)

The opposition Socialists are pressing Adenauer's Christian Democratic forces hard, contending that West German membership in NATO and Adenauer's plans to acquire nuclear arms are the chief obstacle to Soviet agreement to the reunion of West and East Germany. Adenauer very much wants a new Western proposal with which to counter the Socialist argument.

Whatever is decided at today's third session of the North Atlantic council is likely to remain secret, for a time at least. Informants said the talks would be more "fruitful outside the public forum."

Following their meeting yesterday, the ministers let it be known they are backing the United States in its efforts to block any further Soviet penetration of the Middle East.

Informants said Secretary of State Dulles emphasized at a secret NATO foreign ministers' session the U. S. determination to prevent further spread of Soviet influence in the troubled area. Dulles claimed the show of force by the U. S. 6th Fleet in the eastern Mediterranean saved restive Jordan from falling into Moscow's grip, but warned that more perils still may face the little Arab kingdom.

The foreign ministers studied a confidential assessment of the whole Middle East picture, drawn up by NATO political experts, who concluded that the Soviet Union as yet has no Middle Eastern ally which can be classified as a full-fledged satellite.

Most Controversial

(From Page One)

McCarthy from the White House social list in recent years, expressed his "profound sympathy" for the senator's widow, Truman, who once referred to McCarthy as a pathological case, said in New York he was "very sorry" to learn of the senator's death.

Acute hepatitis—the illness that killed McCarthy—was the last of a series of ailments that dogged him during the past few years. He had been hospitalized from time to time for sinus, bursitis, a nagging old knee injury and a rupture in his midsection.

A naval hospital statement last night said McCarthy had been ill at home for several weeks before he was admitted last Sunday.

"He was considered seriously ill at the time of his admission and his condition progressively failed" the statement said.

McCarthy, sinking rapidly, was given the last rites of the Roman Catholic Church an hour before his death at 6:02 p. m.

His wife Jean was at his bedside.

The senator also leaves an infant daughter the McCarthy adopted early this year.

McCarthy's widow returned to the family home near the Capitol about two hours after his death. She was dry-eyed as she hurried into the house through a rear door. A friend said she was "doing fine under the circumstances."

Funeral arrangements were incomplete.

The Republican most prominently mentioned as a possible candidate in a special election for McCarthy's seat is Walter J. Kohler, 53, three times governor of the state.

Heading the list of Democratic prospects were State Senators Henry W. Maier, 39, Milwaukee, unsuccessful Democratic Senate nominee last year against Sen. Wiley (R-Wis), and Gaylord Nelson, 40, Madison, and William Proxmire, Madison, three times an unsuccessful candidate for governor.

McCarthy, one of seven children, was born in Grande Chute, Wis., Nov. 14, 1909. As a youth, he worked on his father's farm and in a country store.

Soon after finishing law school at Marquette University, he made his first try for public office—as a Democrat. That was in 1936 when he ran for district attorney of Shawano County and lost.

Three years later, he won election as a circuit judge, running as a nonpartisan. In 1941, the Wisconsin Supreme Court criticized him for what it called "abuse of judicial power" in ordering "destruction of part of the record in a marketing case."

years. On the day of his condemnation this writer wrote:

"The censure charges against him, summed up, come to this: the Senate has standards but he didn't live up to them; and there is no excuse for being as rough as he was toward the Senate itself and toward individuals."

There is an old Greek theory to explain the tragedy of a man's life: that it is due to a defect in character he can never overcome and which inevitably leads him to his doom.

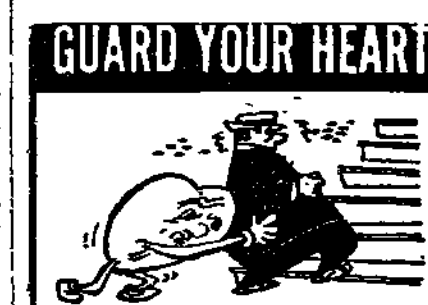

In McCarthy's case his enemies might say it was arrogance, or ruthlessness, or desperate thirst for power, or even "cruelty," which was the word used against him by Joseph N. Welch, his lawyer antagonist in the Army-McCarthy hearings.

But one thing was indisputable: in the four years of what he called his search for Communists he showed an amazing disregard for other people.

He seemed incapable of changing that even when he was in his own greatest peril — as he was when the Senate was considering censure charges against him—and the result was his undoing.

He had become like a man obsessed with the word he had hurled at so many people—"Com-

Healthiest "Wash Up" Fires 13 Strikeouts Yesterday as Philadelphia Beats Cubs, 4-2

By JOE REICHLER
The Associated Press

Don't hang out the crepe for Robin Roberts yet. He's the healthiest looking "washed up" pitcher you ever saw.

The big Philadelphia right-hander scotched all talk that he is through with a brilliant 13-strikeout performance as the Phillies defeated the Chicago Cubs, 4-2.

He gave up only three hits. Dale Long smashed a home run and single while Lee Walls hit a three-bagger. It was Roberts' highest strikeout total of his nine-year major league career. He walked one.

The pace-setting Milwaukee Braves and Chicago White Sox, continued winning. The Braves

won their 11th in 13 starts, defeating Pittsburgh 8-5 with a three run outburst in the 10th. The triumph, coupled with St. Louis' 16-inning 3-2 triumph over Brooklyn, increased the Braves' lead over the Dodgers to two games. Cincinnati moved into fourth place with a 9-7 victory over the New York Giants.

Walter Dropo's grand slam home run, in the role of a pinch hitter, paced the White Sox to a 6-1 victory over Washington.

The New York Yankees swept past Boston into second place, edging out Kansas City 3-1, while the Detroit Tigers knocked off the Red Sox 7-5.

The Braves pounded three Pittsburgh pitchers for 18 hits but it took a fumble by third baseman Gene Baker in the 10th to set up their winning tallies. Del Crandall, on base on the error, scored on Danny O'Connell's single. Henry Aaron drove in O'Connell and crossed the plate later on an error and infield out.

Don Blasingame's fourth hit, a single with two out in the top of the 16th, scored Eddie Miksis from second with the run that gave St. Louis its decision over the Dodgers.

Winner Herm Wehmeier fanned 13 Dodgers in the first 12 innings. Cincinnati's Don Hoak rapped four hits, including a home run, and drove in five runs to lead the Redlegs' 14-hit attack against five Giant pitchers. His last hit snapped a 7-7 deadlock in the ninth.

Ed Bouchee, rookie first baseman, climaxed Philadelphia's winning three-run rally in the sixth with a two-run double.

A five-hitter by Dick Donovan featured the White Sox' 10th win in 12 starts.

Rookie right-hander Don Lee captured his first major league triumph when the Tigers scored five runs in the fourth inning against Boston's Tom Brewer.

Tony Kubek ignited a two-run winning Yankee rally in the third with a three-bagger. Tom Sturdivant was the winner.

ANNUAL DERBY BINGE BEGINS TODAY DOWN AT LOUISVILLE

By ORLO ROBERTSON

Louisville, Ky. (AP)—This Ohio River city went on its annual pre-Kentucky Derby festive binge today with one ear cocked toward Churchill Downs, where 10 finely tuned 3-year-old horses awaited the call.

Nine of the 10 were as ready as man could make them for the 1 1/4 mile race over the Downs starting at 4:30 p. m., EST tomorrow before some 100,000 fans and a national television audience.

But the tenth, Calumet Farm's hard-running Gen. Duke, was the talk of the natives as well as the out-of-towners.

Will Gen. Duke start against the greatest field ever to contest this race? It was a question that not even trainer Jimmy Jones could answer today.

"We may not know until an hour before post time," said Jones of his star who was side-lined with a bruised left front foot Tuesday after finishing second to Clifford Lusky's Federal Hill in the Derby Trial.

"I would say that he has something less than a 50-50 chance of starting," Jones added. "We would like to run him but I'm not going to do anything that might injure him seriously."

Jones said there is a possibility

that the son of Bull Lea, chief hope for Calumet's sixth Derby victory, is suffering from a blind quarter crack deep in the hoof—or that a piece of gravel has worked its way between the wall of the hoof and the meaty part of the leg.

Absence of the General from the classic would tend to take the edge off the intense rivalry with Wheatley Stable's long-striding Bold Ruler.

The two horses met four times in Florida and each won twice. With Gen. Duke a doubtful starter, Bold Ruler has been made the 8-5 choice.

Machen Is Favored To Whip Aging Joe Maxim by 3 to 1

By PAUL BECK

Louisville, Ky., (AP)—A change of pace in sports—at least for this Derby town—takes place tonight when young Eddie Machen takes on aging Joe Maxim in a nationally televised heavyweight fight.

The 10-round match, first to be held on Derby eve since 1940, isn't expected, however, to draw many of the thousands here for the Kentucky Derby away from their favorite topic.

The fight will be televised by NBC starting at 9 p. m., EST. But Bill King, co-promoter with the International Boxing Club, said last night the bout would not be televised locally unless advance ticket sales are better than they were yesterday.

Only about 5,000 fans are expected at the huge Kentucky Fair and Exposition Center. It seats over 18,000.

Machen, an undefeated 24-year-old, is a 3-1 choice to stop the comeback try of Maxim. A slugger, he enters the scrap with 20 straight victories. 14 by knockouts.

7 Big Races Are Set At Skyline Sunday

Ideal spring weather of the past few days has stepped up efforts at Skyline Speedway (near Sugar Grove) to live up to its slogan: "You've seen the rest, now see the best." Skyline management is planning a bigger season than ever as it begins its fourth year of fast car competition between vintage models from 1952 to the latest of 1957.

This Sunday the program will feature seven events—3 heats, 2 semi-finals, 1 consolation and the "feature." Engines will grind at 8:15 p. m.

Lineup includes: Charles Cummings, announcer; Ed Nelson, flagman, both of Corry; Wayne Bullers, head pit steward and lineup man of Bradford; Eugene "Smoky" Branchaud of Sugar Grove, manager and publicity man.

Lauren Pepper Is Recalled by Pirates

Pittsburgh (AP)—The Pittsburgh Pirates announced today they are recalling righthand pitcher Lauren Pepper from Hollywood of the Pacific Coast League.

When Pepper is added to the roster, probably by Sunday, the Pirates will release a player to make room for him. A spokesman says it probably will be a pitcher. Pepper had a 1-1 record with the Pirates last season, appearing in 11 games. He appeared in four games for Hollywood, winning 2 and losing 1.

With Hollywood this season, Pepper had a record of 0-1. He appeared in four games, starting one, and pitched a total of eight innings. His earned run average was 2.65.

JAMESTOWN TO HOST GIRL SWIM CHAMPS

The largest array of championship female swimmers ever to assemble near Warren will be in Jamestown Saturday afternoon for the Girls Open AAU Swimming Meet. Time trials will start at noon and finals are slated for 4 p. m. Lassie champs are expected from Michigan, Ohio, Pennsylvania, Ontario and New York.

ROOKIE OF YEAR

New York (AP)—Boris (Bo) Eluk, leftwing of the Calder Cup champion Cleveland Barons, has been named the American Hockey League's 1956-57 "rookie of the year." The league, in making the announcement today, said Eluk compiled a total of 26 points out of a possible 30 in the voting by sports writers and broadcasters in league cities.

Fire Training Saves Spring Creek House

Alert work by a man taking fire training instruction was credited with saving his home near Spring Creek last night.

Leo Lacey, whose farm is about four miles west of Spring Creek on Old Creek road, discovered the blaze between the first and second floors about 7 p. m. last night. Applying his training, Leo kept the building "shut up" until ten volunteers from Spring Creek and others from Columbus arrived on the scene and quickly extinguished the blaze. Bernard Porter, Spring Creek Volunteer Firemen president, said damages were estimated between \$700 and \$900.

The Spring Creek volunteers thanked Columbus for responding to a mutual aid call and General Telephone Co. for opening lines for them.
